

Underlines a wine's "Terroir"

The principal ambition of anyone trying to produce a great wine is to present a portrait of the vines that made it, to release the energy and features of the earth and rock, the landscape and the elements of its origins, its "Terroir". **CbyCADUS®** respects and supports the wine without influencing its character or locking its energy. It represents the intimate convictions of the professional cooper, a craftsman participating in the making of a great wine.

Profile & Aroma

CbyCADUS® is a barrel which provides clear results throughout the barrel ageing process:

- Sparkling and brilliant colour
- The nose will express the wine's character
- The palate will have the energetic tension and promise of a great wine
- Retro-olfaction will reinforce the expression of the wine's origins

Recommendations

- For non-conventional long barrel maturations (i.e. a minimum of 12 months)
- Red and white grape varieties
- For exceptional "Cuvées" with great potential

CADUS

Taste Unique

Origin & Selection

- Extensive knowledge of the major oak forests in France, and their respective "Terroirs" to select the staves for the **CbyCADUS®** blend
- Density of extractable molecules in the wood influenced by the terroir
- Aromatic profiles which liberate their potential without bringing with them any undesirable aromatic influences

Static stabilisation

- All staves are seasoned in the open air for a period of 30 months

Toasting

- M / M+ / M++ slow and deep extraction
- Pur® process
